

## Pupil Premium & Sports Funding 2018-19

In 2011-2012, the Government introduced the Pupil Premium, which is additional to the main school funding. The Pupil Premium is intended to address current national underlying equalities between children who are or who have been eligible for Free School Meals, Looked After Children and children whose parents are in the armed forces, by ensuring that there is funding to reduce any disadvantages that these pupils may have.

The Pupil Premium is allocated to schools and they decide how the Pupil Premium is spent. Schools are held accountable for how they decide to spend the funding.

Here at Rendell Primary School, the children are at the heart of everything we do. The ethos of the school is built around developing resilience, determination and a passion for learning. These words are connected to everything we do at school; ensuring that every child reaches their own personal goals and most importantly, their potential. With this in mind we focus on vulnerable groups of children and consider very carefully how and what school resources and initiatives can enhance individual achievement. Where-ever possible we use teachers to deliver targeted intervention to individual children, as they are best placed to maximise achievement. Our support staff are extensively trained and experienced and deliver specific interventions for educational, emotional and social needs as is appropriate.
