

Activating Prior knowledge:

Children love Superheroes. They know their family and can name some parts of the body.

Teamwork

Polished Product:

To design our own Superhero Headquarters. Children to have a photo of themselves and draw their own Superhero costume around it. They will talk about the Superpowers and how it helps others.

Unit Pathway: PSHE

Welcome to Superhero Headquarters!

If you were a superhero, what would your power be?

We will imagine what it is like to be a Superhero. What super powers we might have. How we can help and care for others. We will look at the story of Elmer and discuss how we are unique and special.

Well-being

Who helps us?

Children will be looking at their family trees. We will discuss how our families look after us. Why they are important. How do our friends help us?

Oracy

Who else can we call to help?

We will focus on specific people and their jobs that help us. Who helps us when we are ill?

Who helps look after our teeth? We will explore why it is important to look after our bodies. Can we name the different parts of our body? How does each body part help us become 'Super'?

Core Text:

Traction Man by Mini Grey

WOW!

To have a Superhero Party! Children can make masks and capes for the day. Real Superheroes will join our party so children can ask them questions.
